

Agreement for non-OSU/OSC use of Matlab DCS at the Ohio Supercomputer Center

The below identified user certifies that he meets the following requirements:

The user's institution has valid licenses for Matlab and various toolkits including Mathworks Parallel Computing Toolbox, and is accessing Matlab at OSC only through the Distributed Computing Server (DCS).

The software is restricted to use solely by degree-granting educational institutions and for non-commercial academic use by their faculty, academic staff, and students. The right to use the Programs for any other purpose is expressly prohibited.

The user is located in the United States.
